an updated expanded edition of the authoritative book on the teaching and learning of vocabulary in another language

english medium universities around the world face real challenges in ensuring that

incoming students have the language and literacy skills they need to cope with the demands of their degree programmes one response has been a variety of institutional initiatives to assess students after admission in order to identify those with significant needs and advise them on how to enhance their academic language ability this volume brings together papers from australia canada hong kong new zealand oman south africa and the united states written by language assessment specialists who discuss issues in the design and implementation of these post admission assessments in their own institutions a major theme running through the book is the need to evaluate the validity of such assessments not just on their technical quality but on their impact in terms of giving students access to effective means of developing their language skills and ultimately enhancing their academic achievement

this book contains descriptor scales which describe the linguistic skills needed by language learners to become competent speakers of another language

in an increasingly interconnected world where distances dwindle and cultures interweave the role of communication gains renewed significance language our primary form of expression and comprehension acts both as a border and a bridge for ideas knowledge and experiences amidst this complex linguistic interplay this volume finds its purpose chapters herein delve into communication surpassing geographic and linguistic boundaries as language professionals educators and researchers we navigate the challenges of this landscape where languages blend and merge these chapters analyse and inspire queries that arise whenever linguistic borders are crossed from exploring the functions of intercomprehension to examining the impact of digital tools on borderless language education each chapter reveals a facet of the theme topics span language methodologies language acquisition linguistic landscapes and the growing importance of technology in teaching to name but a few readers are invited to join us in exploring how communication shapes and is shaped by diverse linguistic environments together we illuminate the threads that determine global interaction delivering insight into the functioning of language in our interconnected world

the diagnosis of reading in a second or foreign language explores the implications of language assessment research on classroom based assessment practices by providing an in depth look at the little examined field of diagnosis in second and foreign language reading this volume examines the development of second and foreign language reading and how subsequent research findings couched in this knowledge can help facilitate a more informed teaching approach in second and foreign language classrooms by contextualizing the latest in classroom settings and presenting implications for future research in this developing area of linguistics this book is an ideal resource for those studying and working in applied linguistics second language acquisition and language assessment and education about the npla series headed by two of its leading scholars the series captures the burgeoning field of language assessment by offering comprehensive and state of the art coverage of its contemporary questions pressing issues and technical advances it is the only active series of its kind on the market and will include volumes on basic and advanced topics in language assessment public policy and language assessment and the interfaces of language assessment with other disciplines in

applied linguistics each text presents key theoretical approaches and research findings along with concrete practical implications and suggestions for readers conducting their own research or developmental studies

although most language programs make placement decisions on the basis of placement tests there is surprisingly little published about different contexts and systems of placement testing the present volume contains case studies of placement programs in foreign language programs at the tertiary level across the united states the different programs span the spectrum from large programs servicing hundreds of students annually to small language programs with very few students the contributions to this volume address such issues as how the size of the program presence or absence of heritage learners and population changes affect language placement decisions

2017 saw the 25th conference for the european association of computer assisted language learning eurocall every year eurocall serves as a rich venue to share research practice new ideas and to make new international friends and this year was no different it is an innovative and inspiring conference in which researchers and practitioners share their novel and insightful work on the use of technology in language learning and teaching this volume of short papers captures the pioneering spirit of the conference and you will find here both inspiration and ideas for theory and practice

nelson spelling has been extensively revised and updated offering a comprehensive and structured course for developing a whole school spelling policy it uses a range of strategies and techniques to ensure your pupils reach their full potential in spelling

this volume focuses on research in bilingual and multilingual education it discusses the results of research conducted in different multilingual educational contexts and particularly in basque schools and universities where basque spanish and english are used as subjects and as languages of instruction

brings together contributions from internationally renowned researchers on new approaches and developments in the field of vocabulary research and testing

international scholars and researchers present cutting edge contributions on the significance of vocabulary in current thinking on first and second language acquisition in the school and at home by pursuing common themes across first and second language and bilingual contexts the editors offer a collection that tackles the most important issues
